Thanks, was just about to ask the same question on the folding steps, D412-630-033/-034, they require wingwalk as well. Can you please confirm they want the wingwalk on these as well?

Thx
Linda

Good Morning,
We also need to know if we apply wingwalk where applicable after prime, or is Bell going to be taking care of this – D3463-041/-042.

Thx
Linda

Subject: RE: CCG - Request by Bell to have landing gear painted in red CCG color code P1203ES

Hola Bill,

I just spoke with Sylvio Levesque from Bell and he confirmed that they would like to continue doing the CCG painting at Mirabel. Their only concern is with the folding steps, as they are not sure if their paint will stick on them. As such, he clarified his request:

1. Is Dart able to powder coat parts D412-630-031/-032/-033/-034 in red color P1203ES?
2. If so, what is the additional cost and impact on delivery?
3. If not, can Dart supply these parts only primed, so that Bell can paint at their facility?

He also clarified that Bell does not want the above mentioned parts spray painted in P1203ES and that we need to answer the questions above, before undertaking any additional work related to this request.

Finally, he is willing to supply us with a part painted in P1203ES so that we can match that color. To this effect, we need to confirm how big of a sample would we like to receive.

@Denis, can you please provide me with your answers to the questions indicated above? Thank you,

José Miguel.
